## **EVENT POLICIES**

Film audio will be broadcast over FM radio on (tbd) FM. You can listen to your car radio or portable radio. Before purchasing a ticket, please be sure that your radio tunes to this frequency.

When arriving at the Stonington Ball Field, follow signs and staff instructions for traffic flow.

Show your ticket confirmation (printed or on phone) to staff upon entering. Give your name if tickets were ordered by phone.

Staff will guide you to a specific parking spot. Bigger SUV and Trucks will be placed in the back row. All vehicles will face front (no backing into spaces).

If using your car radio for sound, you may want to start your car for a minute every hour to keep the battery alive.

Once the film ends, wait for the staff to instruct you to leave. Cars will be guided to the exit in the order they are parked.

If your car battery is dead at the end of the night, please remain in your vehicle. Once all other vehicles have left, a staff member will jump start your car with a jump box and cables.
